

Lamb-ear headband · ear pattern

Each child needs **2 white outer ears** and **2 pink inner ears** (cut the inner ear along the dotted line). Cut them before class. In class the children glue the pink inside the white, then glue cotton balls along the front of the band.

Headband strip: cut white card **2 in × 24 in (5 × 60 cm)** · join two strips of letter-size card if needed

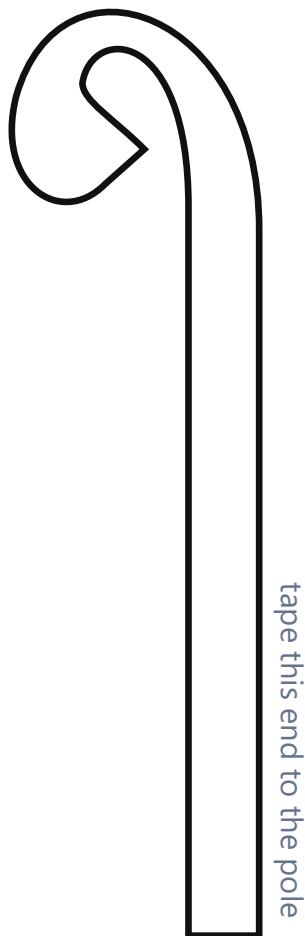

1. Glue a pink inner ear onto each white ear.
2. Glue 5–7 cotton balls along the front of the strip: the woolly fringe.
3. **Adult:** wrap the strip round the child's head, overlap to fit, and staple. Staples point outwards, with tape over them.
4. **Adult:** staple one ear on each side, just above where the ears are, pointing down and out like a lamb's.
5. Write the child's name inside. Store all the headbands flat in one labelled bag.

The Shepherd's staff and the Lion's mane

Both are for adults to make. Keep them in the costume bag with the robe and headscarf.

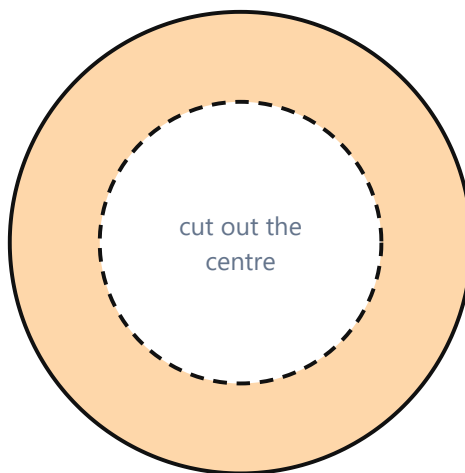

Staff crook

Trace onto thick cardboard (a box side) and cut out. Tape the straight end to the top of a broom handle or a 4 ft dowel. Wrap the whole staff in brown paper tape so it looks like wood.

Lion's mane (optional)

Cut the centre out of a paper plate. Glue yellow and orange paper strips (1 × 4 in) all round the rim, then staple the plate to a card headband so it sits round the helper's face.

paper plate · strips glued round the rim

Keep the lion friendly: a soft, silly roar, slow movements, and a smile. If any child is scared, skip Scene 4.
