

Lamb Pattern

Activity 3 · Lost Lamb Painting. Cut out this lamb and use it as a stencil. On white construction paper, trace round it in **white crayon**, then **fill the whole lamb in** with heavy crayon — twice over. One per child, plus two spares for your demonstration and a test. Pencil each child's name on the back. In class, thin pale paint brushed over the page makes the "lost" lamb appear.

 The Shepherd — cut out, glue beside your lamb, colour him in

Cut along the dashed lines — or cut roughly round each shepherd. Six per page.
